

Email Receipt Option.

The screenshot shows a software interface with a blue header bar. Inside the header bar, the text "Email Customer" is followed by a dotted line and a dropdown menu. The dropdown menu is currently set to "frank@SuburbanSoftware.com". Below the header bar, there are five buttons: "Exit", "Search Again", "New Card", "Unlock Fields", and "Continue".

This allows the user to email a copy of the receipt. This must be set up in the **Company Email Settings** located in the **Utility Menu**.

Company Email Settings:

The screenshot shows a dialog box titled "SMTP Settings". The dialog box is divided into two sections: "Email Settings" and "Email Testing".

Email Settings

- Company Id: WEB
- Branch Number: 1
- SMTP Server: yourname@email.com
- SMTP Port: (dropdown menu)
- Authentication Type: None
- Server Requires Authentication
- SMTP Username: (text field)
- SMTP Password: (text field)

Email Testing

These settings are for testing only.

FROM Email Address: dotnet@suburbansoftware.com

TO Email Address: dotnet@suburbansoftware.com

Enable Detailed SMTP Logging

Send Test Email

Exit Save

This is different from the Ebilling settings. You may use the same information but this **must** be setup to email receipts. Contact your email provider to help setup these settings, if needed.
